ABOUT THE STTP

Teaching is a challenging profession that requires a lot of patience, innovation and motivation from the teachers in order to bring about an all round development among their students. Inside the classroom there will be a mixed section of learners based on their level of intelligence and performance criteria. Slow learning is simply a term used to describe a student with the ability to acquire all necessary academic skills, but a rate and depth below that of the average student. Hence challenges for the teachers is to understand the student's area of interests and develop a teaching plan to cover syllabus in a given time frame. This STTP mainly focuses on the responsibilities of the teacher on bringing out the slow learners to overcome their problems and graduate effectively.

TOPICS

- ❖ Duties of Teachers on slow learners
- ❖ Developing Confidence among slow learners
- ❖ Course of action for special learning resources
- ❖ Keeping up friendly relationship
- ❖ Apply the Hypothesis of multiple intelligence
- ❖ Empowering oral expressions instead of written report etc...
